September 18, 2001, North Tonawanda, NY (USA) – Ziphany, LLC, a provider of Energy monitoring/verifications systems, announces the Public Service Commission's (PSC) certification of their Energy Intelligence systems. This approval certifies Ziphany's Energy Intelligence Tools to be used by Energy Providers for "load curtailment and other related energy management activities".

Currently Ziphany is partnering with both energy providers and energy consultants delivering Real-Time Energy Intelligence to improve the level of service delivered to their customers.

Brian Palka, Managing Partner of Ziphany, commented, "There are only four other certified MDSP's in New York State, we felt this certification verifies our position in this marketplace. ...I feel our differentiation rests in our ability to provide this information NOW-TIME™ via the Internet."
